Enjoy the Best

Good morning, everyone. How are you today?

You, both the leaders and the members, have been preparing for many days. At last, the day has come when you, all the students of Kyuragi Senior High School, are to become one team, and work together to show your spirit, your passion, and your power under the beautiful blue sky.

Are you ready?

Today, I want you to do two things.

First, I'd like you to do your best not only for yourself, but also for your friends, and for your team..

Second, I'd like you never, never, never, never to give up until the last minute, last second of the game.

I'm sure you can do it. I'm sure you will ENJOY THE BEST.

Good luck to you all.

Thank you.
