

This is our school !

My school is very small. There are 33 students in my school. So, students are very good friends.

We eat school lunch at twelve thirty.

When we eat school lunch, we go to the

lunchroom. Elementary school students eat there too. School lunch has good nutrition. There is bread on Wednesday. I like that day.

We clean up our school twice a week.

We must clean up on every Thursdays and Tuesdays. Cleaning places are

classroom, wall, window, and so on. We

clean our school about fifteen minutes in

the morning. When we clean our school, we use dustcloth, broom, water and so on.

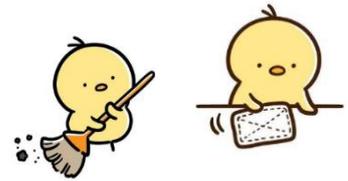

Cleaning is hard but it's important for us to clean.

We clean our school twice a week, Tuesday and Thursday.

All students clean up whole school. This cleaning activities is done in the morning.

My school is very small. We all clean our school.

We use brooms and clothes. We clean up thoroughly.

Even if there are few people, we are working hard to make our school very beautiful.

My school is one of the smallest schools in my city. There is Asatsu undo, getting motion. There is Aissatou undo every day.

All students join Aissatou undo, but we cancel Aissatou undo when it is rainy.

Aissatou undo brings smiles to people.

There are two club activities in my school. One is kendo club.

It had a lot of awards. I belong to a kendo club.

The other is table tennis club. It has many awards too.

We want to get the award so We one practicing hard.

I have one question Are there any unique sports clubs?

Our school has two clubs. There is kendo club and table tennis club.

Table tennis has more members than kendo.

We have club activities 5 times a week. We practice for about 2

hours. I think that club activities are very tiring, but it is fun.

Our school has school uniform.

You must wear school uniform when we come to school.

You can choose skirts or pants or culottes.

There are a summer uniform and a winter uniform.

Each school has different school uniform. In some school, they wear tie or ribbon,

but in my school we don't wear them. I like this school uniform because it is cute.

In fall, we have a culture day. We sang songs, performed a play and introduced the exhibition. Culture day is very fun.

My school is one of the smallest schools in my city. It is famous for its beautiful snow scene. In winter, we have a lot of snow. When snow falls, we play with snow. Also, I am going to ski at the back mountain. Please come to Mitsuse. Thank you.
